

Diplomat Specialty Pharmacy is the nation's largest independently held specialty pharmacy and focuses on optimizing drug therapy management and other clinical services for patients with serious and chronic conditions. Owned by practicing pharmacists, Diplomat has built an exceptional reputation for developing creative, patient-centric programs that deliver measurable improvements in the health status of our patients.

Our Mission

Diplomat Specialty Pharmacy is an independently held healthcare company dedicated to being a customer focused and innovative partner, providing medication management and clinical services in a caring, cost-effective, supportive environment; keeping patients healthier longer...one patient at a time.
